

INTERIOR DESIGN

MEMBER-OWNED **Group Purchasing Organization**

Simplify your next renovation or new construction project with the assistance of the HPS Interior Design Center.

Our Design Center can help you maximize the value of your project budget. Through collaboration with you in the design process, the HPS interior designers apply creative and technical solutions tailored to fit your needs and goals, from a single room to an entire building. With the scope of the HPS membership, our interior designers understand the challenges and requirements involved with a variety of spaces from senior living to education to medical and more.

Working in concert with our Design Center, the HPS Furniture, Finishes & Equipment (FFE) department makes it easy to find everything you need to affordably furnish, equip and decorate your facility. Our knowledgeable FFE representatives give you the ability to evaluate and purchase products from more than 450 manufacturers of indoor and outdoor furniture, flooring, furnishings, accessories, and window treatments, as well as 350-plus food service equipment manufacturers.

Services of the HPS Interior Design Center:

- Space planning and furniture layout
- Finish and material selection/color schemes
- Furniture selection, specifications and budgeting
- Artwork and accessories
- Window treatments, bedspreads and privacy curtains
- Implementation and procurement
- Coordination and collaboration with other allied professionals such as architects, contractors, installers, etc.
